Hello there,

I hope you are well. I am getting in contact to let you know what we are up to as there may be some kind of link with Town Council and one of our Grosvenor's suggested that it would be a good idea.

We have been awarded a sum of money to develop an orbital campus from the Community Focused School Capital Fund. The detail of the bid that we submitted is best summarised as:

- Development of a campus for our hardest to reach families
- Provision of tertiary adult education
- Development of an increase of community resource
- Provide a base for additional youth provision in the evening
- A centre for students who are currently struggling to access the main school building

We have started discussions with Gregor and the Church in Wales around the Guide Hut building, the bid initially identified using the a High St shop but it seems like the high st is flourishing at the moment and the Guide Hut provides a much better flexible space if we can be successful in negotiating the lease.

Please let me know if you would like to discuss further.

Kind regards,

Jo

Josephine Wynne-Eyton

Hi All

You may recall I notified Council back in spring/summer of 2023 that Prestatyn in Bloom had been awarded a sum of £5000+ to improve and enhance locations in Prestatyn and Mleliden which were neglected and in some cases an eyesore. I have just drafted the attached to send to CVSC who administer the grant for Gwynt y Mor at their request and wondered if you would like to add it to the CDRC agenda coming up this month. There are more projects in the pipeline up until the grant period ends in August 24 but thought it timely to give Council an update

Kind regards

Carol E

This bed adjacent to the Spar located in a very busy area in Prestatyn's High Street was bear and weed ridden

The transformation after a few months of tlc and the work is still ongoing

This planter in Meliden was a real horror show

After blood, sweat and tears, this one is still a work in progress

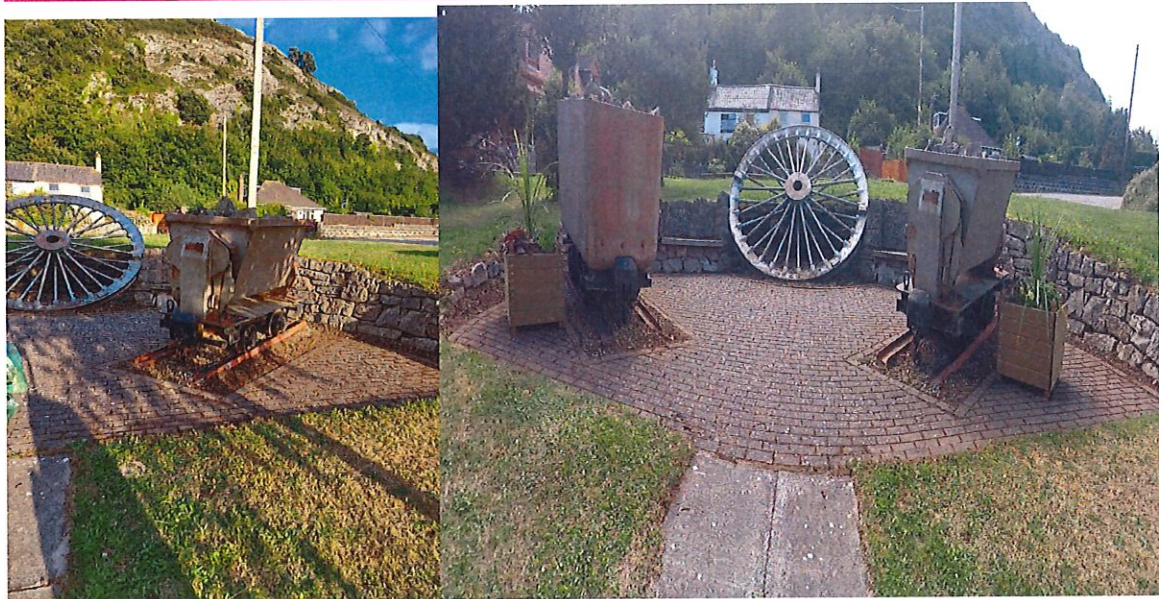

Neglected planters cleared and planted with sustainable shrubs to encourage pollinators

Volunteers and pupils from Prestatyn High School planting the community orchard at Coronation Gardens, Prestatyn

Merry band of litter pickers. These litter picking sessions will re-commence in April. The initiative fosters a feeling of civic pride in the community

A memorial in Meliden to North Wales mining community. Meliden has a rich history of lead mining and this commemorative location had been neglected over time. Volunteers cleared all the weeds and installed planters to demonstrate the respect it deserved

A planter with cabbage and kale with an invitation for residents to help themselves. The planter this year will contain herbs with the same message for residents to help themselves

Prestatyn litter pickers at the Ffrith Beach gardens

The hedgehog sculpture at Ffrith Beach Gardens

All the above projects have been carried out by volunteers over a period of 10 months. It has created a more positive image of the town and its approaches and brings together the various groups of volunteers who operate in the town. There is still another five months until the grant period ends and there are further improvements to these and other locations planned

Hi Drew,

I have not been able to get to the bottom of this but think they may have been something that the Friends of the Pavilion Group did. They no longer exist. We don't hold keys for the units so if PTC want to use them I suggest they see if they can get a lock smith in to access and then change over the locks? We have no issue with this.

Hi all

Just thought I'd update you as I've been chasing DCC up on when the above is being installed on Nant Hall Road.

Apparently DCC have only this week been sent the PTC minutes of 28th Feb indicating a member's concerns regarding the locations of the ones on Dawson Drive and Princes Avenue being too close to properties, so they have emailed PTC back this week and tell me they are awaiting a reply before they can go any further.

I have asked if the ones that none of us had an issue with can go in anyway, but I suspect the answer will be that they want to do them all in one go.

If it transpires that we have any leftovers, I have suggested another location for one where 60mph turns straight into 20mph (just like it does at Ffordd Ffynnon) when you hit our town ie on Gronant Road just past Midnant Farm, as the drivers fly along there from Gronant and into Prestatyn. As there will be a new housing development of 45 properties there too, the significance of getting the traffic slowed down before it reaches there is even more relevant/important now, as there will be even more residents entering and exiting their properties and driveways etc along there.

Regards
Andrea
