Full Council meeting Wednesday 13th November 2024

Public Participation, Minute No. 87

- lack of timetable information and electronic boards not working. Some people do not have access to electronic apps to check timetables
- no bus stop numbering
- poor seating which faces away from arriving buses
- poor coordination of bus connectivity
- poor impression on visitors/tourists to town and facilities do not encourage people to use public transport.
- appears to be a lack of coordination between Denbighshire County Council, Passenger Transport Services and Arriva/other bus companies.

DCC Response:

- New Timetable Noticeboards have been installed.
- Updated Timetable's have been put in 3 of the 4 noticeboards. The 4th awaits confirmation.
- Bus stop numbering is provided.
- The electronic boards funding for service and maintenance stopped a number of years ago. No funding is currently available to replace, repair or remove.
- There is only one option of the seating to be positioned. Seating has been checked and complies with requirements.
- The toilet block has been cleaned 21st February 2025. Transport have agreed to do a one off clean imminently of the bus shelters. – Future Maintenance unclear – PTC and DCC to have discussions.
- DCC are in constant talks regarding the bus connectivity and to a line the high passenger demand at different times.
